REMARKS

This Amendment ("Amendment B") is submitted under 37 CFR § 1.312 following receipt of the Notice of Allowance (PTOL-85) dated Sept 12, 2006. Amendment B consists solely of a replacement drawing sheet to correct an inadvertent omission from the figures. Paragraphs [0025] and [0036] of the specification refer to a side view 5-5 in FIG. 3C, however the marking "5-5" was inadvertently omitted from the figure. This amendment makes no substantive change to the application, but merely corrects an inconsistency between the specification and the figures. As such, it is submitted that entry of this amendment is appropriate, and such action is earnestly solicited.
